BEST CASE STUDY AWARD

Authors of papers accepted and presented at **GeoNiagara 2021** may apply for consideration for the **Best Case Study Award**. The award will consist of a plaque presented at Wednesday's Luncheon.

Papers must meet the Selection Criteria to be considered for evaluation.

SELECTION CRITERIA

- The lead author and presenter should be from consulting or industry, and not academia (professor, student or staff).
- The paper should report on data, or analysis, or design applied to a full-scale, non-hypothetical field problem.

SUBMISSION PROCESS

If your paper meets the selection criteria and you wish to be considered for the **GeoNiagara 2021 Best Case Study Award**, please select "Yes" in the Best Case Study Award Application field during the paper uploading process.

The **Best Case Study Award** selection decision will be made by the **GeoNiagara 2021** Technical Committee and will be final when announced at the conference.
